Dear Mrs. Barretta,

It is with much enthusiasm that we are writing to acknowledge the good work that you have done as real estate professional.

For a long time we have had the desire to buy an apartment in Munich but got no luck due to market conditions and language barriers. This all ended when we visited the apartment listed by you. You stepped out of your way to collaborate with us and facilitate the buying process, offering us your help and expertise in all circumstances.

We are happy to recommend your services as real estate professional and will hopefully collaborate again with you in the future.

Sincerely,

Zhuyu Shi, Riccardo Reccia
